Fees cover equipment, lunch, guides, Forest Service and River Use fees. Units are welcome to tip their river guides.

For all rivers, it is very important to **ARRIVE AT LEAST ONE HOUR BEFORE YOUR SCHEDULED RAFT TIME**. Plan to leave camp in time to arrive at the river well before your scheduled trip. You will need time to park, unload and navigate to the check-in location. NOC reserves the right to add a financial penalty to units that are late and need to be rescheduled to a later trip.

You will get wet, so be sure to bring an extra set of clothes and shoes. The following items are recommended for the trip: **shoes (sneakers or shoes that tie are required), shorts or swim trunks**. On cooler days, additional clothing may be needed. Cameras may be taken at your own risk.

NANTAHALA RIVER

The **Nantahala River** provides a thrilling trip on class II and III rapids through the Nantahala National Forest. Dam-controlled water releases ensure whitewater action. The river is located approximately 75 minutes to the west of Camp Daniel Boone.

The river is located approximately 75 minutes to the north of Camp Daniel Boone.

MERIT BADGE CLASSES

You should plan for your rafting day trip to truly take all day- therefore, units should not schedule any merit badge classes for the day they choose to go rafting.

LUNCH

The Dining Hall staff will provide a TO GO lunch for your rafting trip. You may pick up your troop's lunch at the back door of the DH as you prepare to leave camp.

PHOTOS

Photos can be purchased on site after your trip or online after you depart from the river. Photos can be ordered online through the NOC at <https://noc.com/buy-trip-photos/>

ZIPLINING

The NOC offers a limited number of zipline spaces for approximately \$30.00 per person on the same day as your rafting trip (**Nantahala River only**). Contact Jae Jackson (see contact info above) to take advantage of this offer!
